

YOUR PARTS LOGISTICS BUSINESS PARTNER

- ✓ Best practice solutions
- ✓ System driven supply chains
- ✓ Leaders in optimisation
- ✓ ISO9001 accredited

DELIVERED ON TIME, EVERY TIME

We believe in one thing – the right part, in the right place at the right time and our unique warehousing, management and pick and pack techniques ensure just that. That's why we're a top pick for some of Australia's largest distributors.

With storage capacity for over 200,000 lines our state of the art facilities are designed to effectively store and distribute your parts with maximum precision and efficiency.

We have the right people for the job

We get the right people on our team by hiring for attitude and training for skill. This approach has created a team of passionate, dedicated experts with the 'ANX Attitude' who are all working together to achieve seamless, responsive solutions for our customers. Our team are proud of the solutions we deliver and the service we provide and are constantly looking for ways to help our customers grow their business further.

Our seamless solutions systems set us apart

Powered by SAP, the market leader in business management software, our system delivers fast processing times, accurate tracking and task management and strong reporting capabilities. Our WMS and AIMS systems ensure maximum transparency at every stage of the process, offering our customers confidence, security and the quality service they expect.

Compare AutoNexus to your current operation or 3PL provider

AutoNexus is leading the field in productivity and lines per man hour. Our proactive approach has resulted in a **97%** increase in productivity.

All this, on top of our years of industry experience, results in a seamless stock management and distribution solution for your business including:

- Receiving to despatch
- Managing credit returns
- Managing core exchange and parts repackaging

With storage and distribution centres throughout Australia, you can be sure your parts will be delivered on time, every time.
